

1/7 Hamburg- My Home

Hamburg is my home by heart.

Solution

The container ship is on the front, because it has the biggest harbour in Germany for the industry. Also there are some wave patterns which shall symbolize the watermark on a postcard (stamp), because million tourists visit Hamburg every year. At first, I came as a visitor too. On the back are the global coordinates of Hamburg and in the background as a cloud you can see the shape of Hamburg.

Which place, city and country is featured in your design? (place/city/country)

Hamburg, Germany. For me the most beautiful city in Germany.

Describe why you have chosen this place as a visual? What story does your design tell?

5 years from now I came to Hamburg because of a practice job at the publishing house "Ankerherz Verlag", which mostly sells maritime goods. My grandpa was a sailor and I really love the water. So I settled in the near of Hamburg for the purpose to see the harbour every day on my way home. The place, where most of the container ships are boarding is just amazing!

To be featured on social media as the Victorinox "Pick of the Day", please write a short statement about yourself (see more details in the brief).

Without creative work beside my job in a publishing house, I would go nuts.
