

1/2 **Patterns of Life**

Solution

Typography,

Images, designs & patterns created throughout this idea is by using the word V-a-p-u-r without changing its originality of the logo except I played with the colors, locations, sizes & added few ways to generate more unique style.

The concept The Patterns of Life hopes to convey this message:

"Using Vapur is a lifestyle."

More designs will be coming soon.

Thirst for Design

vapur
