

1/2 **Renewable energy wheel**

Solution

Logo wanted to make a universal Internet and media. LOGO not so fine details, shadows that disappear when printing or pose other problems. 5 circles symbolize the five renewable sources of energy on earth: brown - geothermal energy, blue - hydro, green - biomass, gray - the wind, yellow - the sun. All of them are closely linked and form a closed system, which is life. So we must start to use these gifts of nature that keep the earth alive. p.s. ... google translate
