

1/4 Idea Template

Idea short description

Solution

Upload an image with the FRONT and BACK views of your design on the bottle. Your designs may only go on the pink surface (sleeve + single-coloured aluminum capsule).

Use the provided bottle template (psd) in the "Project Kit". The image must be in landscape format (ratio 3:2, size: 2400x1600px).

Use this TEXT box to describe the concept (big idea) behind your design and how it fits Henkell's claim ("create your own traditions").
