Solution

Sparkling Wine Bubbles interpreted in a modern way as stars - the entire beautiful Night Sky captive in a bottle. The Henkel Limited Edition could replace the traditional "Making a wish under the starry night sky!" with a modern approach of drinking a glamorous sparkling wine and make a wish . It could be the perfect selection for a romantic night or dinner with your best friends. If you cannot enjoy the night sky, make your own tradition and replace it with a glass of sparkling starry wine!
