

Create your own tradition

1/3 Ama et fac quod vis

Love and do whatever you wish

Solution

I mixed traditional painting techniques with modern techniques. I used real paints and brushes in the first session. Then I digitalized it, colored and mixed it. This art represents the life which is full of contrast and mostly spontaneity. The red colour that is the symbol of the passion I have used strongly, but elsewhere on the other parts I've just used pale colors. Like our emotions in our lives. Love and do what you want. Your honest emotions and doings will draw something beautiful.
