Tom Yum Soup

Solution

I am a Sri Lankan designer living in Sydney Australia. When it comes to food, Thai food is one of our favorite cuisine's. Specially the Tom Yum soup and the Chicken Green Curry. The Tom Yum words refers to the boiling process of Thai spicy and sour salad. Mostly prepared with shrimps. The broth is made out of lemongrass, lime juice, kaffir lime leaves, galangal, lime juice, fish sauce and crushed chili peppers. It's smell of herbs and taste is very distinctive. All elements are illustrated.
