

1/2 Lemon Sky Regatta

I wanted to show lemons in one fun and different way

Solution

Hey, my name is Petar from Belgrade, Serbia and I'm 35. I loved lemons since i was a child. I used to eat them raw with just a bit of sugar, weird i know. Anyway I wanted to do something fun and decided to mix it up with one of my favorite aesthetic design, steampunk. Hope you guys like it , tell me what you think...
