

1/2 **No waves, no glory.**

Inspired by my huge appreciation for these awesome individuals called big wave surfers

Solution

Hello,

My name is Paul and my life trully revolves around sports world and great minimalist design. Marathons, sky running, road cycling, sea and lake swimming and mountaineering, my competition spirit works well in conjunction with my life as a freelancer. Since surfing is a dynamic sport with plenty of virtues to show ; the reaches of a brand like VictorInox can indeed be present in this sport branch too not just functionally but also visually.
