

1/2 Rhythm of the heart

Rhythmic gymnastics is one of the sports in Bulgaria we are most proud of.

Solution

Hi, my name is Militsa, an artist from the beautiful country of Bulgaria. I chose to represent rhythmic gymnastics since this is one of the sports we are most proud of. We have put ourselves on the rhythmic gymnastics map decades ago and still keep on glorifying our country at every competition. Our team "The golden girls" have turned into a national treasure. Since this sport is all about grace and lightness, I decided to go with a soft purple-pink color palette.
