Formula 1 - one of the fastest sports in the world

Solution

Hi, my name is Militsa and I am an artist from Bulgaria. Formula 1 - one of the greatest sports in the world. It combines the power of the machine and the undeniable skills of the pilot. Fast. Precise. Dangerous. Going from 300 to 30 km/h in just a second. When we were kids, my father made up a song for me and my brother comparing us to F1 pilots. So I dedicate this design to him.
