

1/5 **memphis style**

my memphis style interpretation with bright and bold colours

Solution

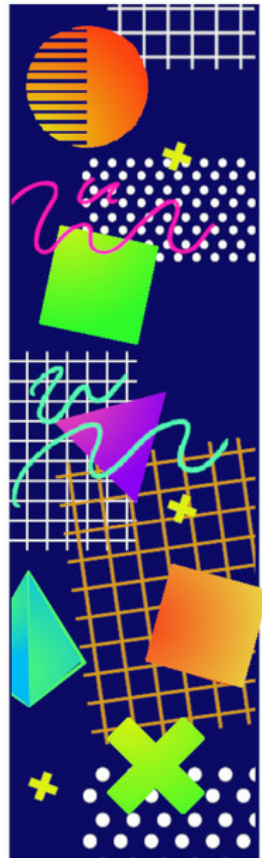

Memphis a bold design style created in the 80 ´s and has its revival again.

I was always fascinated of the Memphis style, as I have a passion for geometry, colour palettes and patterns. So I decided to do my own Memphis style in a colourful bold way.

Your design here

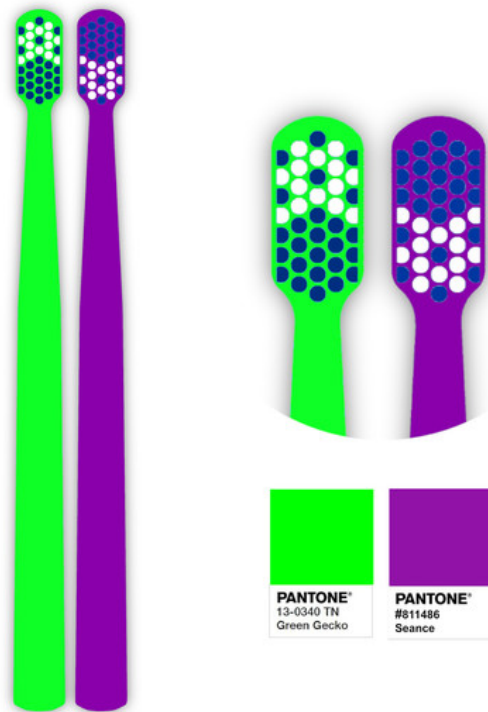

My memphis style now for the Curaprox project, some of you maybe remember ;) I find it very suitable for the toothbrush packaging, as it draws attention for the target group, I hope

---

Your design applied to the toothbrush & bristles

the toothbrushes have bright colours and bristles grab on the dot pattern used and with colour the background with blue and the dots in white
