

1/2 **ADAPT**

Every day is different and the things we need with us change. Adapt solves this.

Solution

Every day is different and the things we need with us change. So why not create a backpack that adapts to our day-to-day lives, Adapt backpack does just that. By having an expanding silicone ring this allows the backpack to change as much as our needs do.

Bag it!

2/2

ADAPT

Every day is different and the things we need with us change. Adapt solves this.
